A screenshot of the MyCar Concierge Platform Homepage. The page has a dark theme with a blue header bar. The header includes the MyCar Concierge logo, navigation links for Services, For Providers, About, Features, and a language selector set to English. A banner at the top right says "Now accepting members". The main content area features a large call-to-action button with the text "List your needs. Compare bids. Choose the best provider.". Below this, a subtext explains: "Post your automotive service requests and let vetted providers compete for your business. You choose the best service at the most reasonable price." At the bottom of the page is a blue footer bar with the text "Install My Car Concierge" and "Add to home screen for quick access", followed by an "Install" button and a close button. A yellow circular icon with a white outline is located in the bottom right corner of the main content area. The entire screenshot is framed by a white border.

Why Member Features Matter to You

These features attract and retain members on the platform. More members = more service requests = more bidding opportunities for you. The better the member experience, the more jobs available in your area.

What Is My Car Concierge?

A Marketplace Connecting Vehicle Owners with Service Providers

The Concept

MCC is a platform that brings automotive service requests directly to you. Members post what they need, and you bid on jobs you want. No advertising costs, no cold calling—just qualified leads delivered to your dashboard.

How It Works

Welcome back
Here's what's happening with your garage.

Vehicle Status Tracking & QR Check-In

Streamlined Arrivals & Real-Time Updates

QR Code Vehicle Check-In NEW

Each vehicle has a unique QR code. When members arrive at your shop, they simply scan the QR code to check in—automatically updating vehicle status, notifying your team, and starting the service clock. No paperwork, no phone calls.

Check-In & Status Workflow

QR Check-In Benefits

- ✓ Instant arrival notification to your team
- ✓ Automatic status update (no manual entry)
- ✓ Timestamped arrival for records
- ✓ Reduces front-desk bottlenecks

Member Experience

- ✓ Quick self-service check-in
- ✓ Real-time status visibility
- ✓ Push/email/SMS notifications
- ✓ Complete service history log

How It Works

Each vehicle in the member's garage has a unique QR code. Display your shop's QR scanner or have members scan via their phone camera. Arrival is logged, your team is notified, and the service appointment begins—all automatically.
